Welcome to Odote's Greenhouse and Irrigation Company

We are delighted to introduce you to a world where innovation meets sustainability in agriculture. At Odote's Greenhouse and Irrigation Company, we believe in empowering farmers, entrepreneurs, and institutions through modern farming solutions that increase yield, conserve resources, and ensure food security.

Founded in 2021 and headquartered in Kisumu, our company has become a trusted provider of greenhouse and irrigation systems across Kenya and East Africa. Whether you're a smallholder farmer or a large-scale agribusiness, our team is dedicated to turning your vision into a thriving, green reality.

About Us

Odote's Greenhouse and Irrigation Company is a forward-thinking agricultural enterprise specializing in the design, installation, and management of modern greenhouse structures and efficient irrigation systems.

We help farmers and agribusinesses:

- ✓ Boost productivity
- ✓ Conserve water
- ✓ Grow crops sustainably year-round

Our Mission

To cultivate sustainable, high-quality agricultural products that nourish communities, support local economies, and promote environmentally responsible farming practices. We are committed to innovation, integrity, and the well-being of both people and the planet.

Our Vision

To become a leading force in modern agriculture by transforming the way food is produced, ensuring food security, empowering rural communities, and creating a greener, more sustainable future for generations to come.

Core Values

Sustainability

We are committed to environmentally friendly and resource-efficient practices that protect the land for future generations.

Integrity

We operate with honesty, transparency, and ethical responsibility in all aspects of our business.

Innovation

We embrace new technologies and ideas to improve agricultural productivity and efficiency.

Community Empowerment

We support and uplift local farmers, workers, and communities through training, employment, and partnerships.

Quality

We ensure high standards in all our products and services, from farm to market.

 Quote from the CEO (Optional Inclusion):

“Agriculture is not just about growing food—it’s about growing futures. We exist to empower those who grow our world.”

— Alphonse Ouma, Founder & CEO

WHO WE SERVE

Our clients include a wide range of agricultural stakeholders across Kenya and East Africa, such as:

Small to Medium-Sized Farmers

Seeking efficient ways to increase year-round yields using greenhouses and drip irrigation.

Agricultural Cooperatives & Farming Groups

Interested in shared infrastructure and sustainable production.

Agri-entrepreneurs & Startups

Venturing into horticulture, floriculture, or organic farming.

NGOs & Institutions

Focused on food security, youth empowerment, and climate-smart agriculture.

Educational & Research Institutions

Needing controlled-environment greenhouses for research and training.

💧 Drip & Rain Hose Installation

💰 Cost: KES 810,322

✓ ALBAN ALOO – Siaya County

🏠 Greenhouse & Drip Installation

💰 Cost: KES 1,326,752

✓ TONNY CHELANGAT – Kapchorwa, Uganda

🏠 Greenhouse Installation

💰 Cost: KES 567,322

🌍 Each of these projects reflects our commitment to quality, customization, and sustainable farming.

OUR TEAM

Alphonse Ouma – Founder & CEO

(BSc in Horticulture) – Visionary leader with a passion for sustainable farming and innovation.

Lavenda Atieno – Manager

Oversees daily operations, client relations, and team coordination.

Ebby Otieno – Personal Assistant

Supports logistics, scheduling, and internal communication.

Movin Otieno – Secretary

Handles administrative duties and documentation.

+ Field Technicians & Installers – Making field operations seamless and efficient.

Our Partners

We collaborate with:

Local suppliers for quality agricultural inputs

NGOs and institutions working on agricultural development

Regional farming groups and cooperatives

Partnerships help us scale, innovate, and empower communities.

Testimonials

➤ “Odote’s team installed a solar-powered drip system on our farm in Kisumu. I now grow vegetables year-round with half the water.”

— Innocent Akendo, Kisumu County

➤ “Professional service from design to delivery. The greenhouse has transformed our farm’s productivity.”

— Alban Aloo, Siaya County

➤ “Reliable and affordable installation across borders. Very impressed!”

— Tonny Chelangat, Uganda
